Warning!
-You are entering a Foreign Country-
Canada!

Let's not have somebody's bad experience at the border crossing spoil our rally. The best advice that we can give is to be prepared.

Guns-

Do not bring guns! They are not allowed in Canada, not even hunting rifles. Hunting rifles are allowed if it is hunting season, but it is not hunting season, don't try. The only option is to declare your guns, which will be held at the border crossing until you return to the same crossing, this may not be convenient.

Liquor-

You are allowed **40 oz.** of spirits **or 1.5** liters of wine **or 24** beers per person. This can be shared in any combination for a couple, the officer will help you understand this.. Any liquor **undeclared** above this amount may be seized and a fine may be issued. If declared any liquor may be held for your return to the same crossing **or** you can pay taxes on the Canadian value (very expensive). My suggestion is pare down, if over, be honest and declare, stating it is only for personal use.

Radar Detectors-

They are **illegal** in Canada. They may be confiscated. Please have them turned off upon entering the country.

Be prepared; know what's in your coach. Don't forget that bargain liquor stored behind the fridge.

You should carry proof of registration and insurance for both Coach and Toad.

You should carry a passport. They will be required on return to the U.S...

Pets will require a record of up-to- date rabies shot.

Use credit cards instead of changing money, card companies give a fair exchange rate.

If you are well prepared you will most likely just drive through.
